

Ceaseless Creativity for a Sustainable World

TH2 Out Of The Box Solution

From the UK's Leading Manufacturer

Portable & Standalone Printer

- Carry handle for easy transportation, for use in any location, no PC connection required

User friendly keypad design

- Keypad setup as per a mobile phone

Simple operation

- Professional labels, no ink or ribbons required

All requirements in one box

- Most common labels & applications

TH2 Portable & Standalone Labelling System

For use straight out of the box at just £795.00(excl. VAT)

The **TH2** out of the box solution supports Price, Reduced, VAT, Barcode and Sandwich label formats. Calculations are completely automatic on VAT labels.

The **TH2** printer works straight out of the box using label designs to suit you. Our in-house studio can design labels customised to your business.

No additional programming or setup charges apply, the **TH2** can be used straight from the box for 8 of the 10 formats available, 2 additional formats allow your business the flexibility to include and update your own product details.*

Free of charge technical support is included via telephone or email should further guidance be required.

Every out of the box solution includes a 1 year warranty on both hardware and labels.

Please see reverse for full pack details.

*Note: to include individual product details, connection to a PC will be required. Standard database upload is free of charge. Charges may apply for alterations or bespoke designs. Please speak to our sales representative for further details.
